Synastry Chart

Synastry is the interpretation of any kind of established relationship between individuals. A Synastry chart is created using the exact time, place, and date of birth of each individual implicated in the said relationship. It consists of a bi-wheel chart that overlays both partner's natal charts, with one partner's chart depicted in the inner wheel and the other partner's chart in the outer wheel.

In the Synastry chart below, the Inner Wheel represents Ann's natal planet positions, while the Outer Wheel represents gk's natal planet positions.

This connection is based on the validation of gk's original expressions and qualities, like a patron would do with an artist. In return, gk benefits from watching his 'student' blossom under his influence. On a mutual level, your discussions are quite profound, often including occult subjects, psychology, and anything related to the invisible or unknown. This may appear to be gratifying for both of you, as it is a deep and often invisible connection that is effective. 4° Scorpio 1' 4° Pisces 26'
Ann's Jupiter gk's Mars

Aspect Type: Easy (Exact aspect)

You both have an easy confidence that allows you to get a lot done. It's almost like gk has the ambition and you know how to guide it, and you both support each other. You likely have a great time engaging in outdoor activities, and sports, and exploring the world around you in a physical way. As is often the case with healthy Mars interactions, both of you supply energy and decisiveness, and therefore a minimum of complications. But a great deal depends upon how much meaning such activities hold for the two of you and what they mean to you, and

whether such ease ever forces you two to look within. Hopefully, other more emotionally or psychologically significant interactions will be present to supply this. When you two fix your sights upon some higher goal, the chances are that the two of you will not only achieve it but show others how to as well.

Jupiter Sextile Jupiter (Orb: 0.91°)

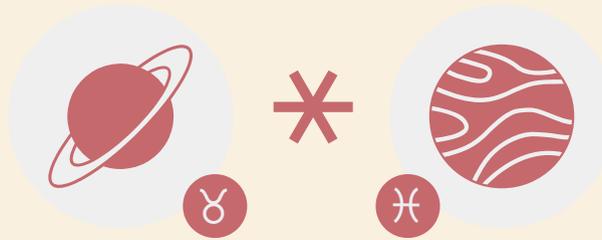

4° Scorpio 1' 4° Virgo 56'
Ann's Jupiter **gk's Jupiter**

Aspect Type: Easy (Exact aspect)

You two share similar interests and perspectives in this Interaction regarding various matters, be it philosophy, politics, religion, and more. You mostly agree with each other on most issues, bringing harmony and peace. This, however, does not necessarily mean you escape the ordeals of everyday life. You will face the grit of every challenge that life throws at you, and things can possibly take a wrong turn. Despite all this, the harmonious Interaction that caters to your relationship creates enough room for deep understanding and connection, that together, you will hurdle every trial and tribulation your relationship seems to attract.

Saturn Sextile Mars (Orb: 2.27°)

2° Taurus 10' 4° Pisces 26'

Ann's Saturn gk's Mars

Aspect Type: Easy

You can help gk use more discipline, organization, and caution when it comes to taking action on his ambitions. In turn, gk can encourage you to become more courageous and energetic in implementing plans and goals as well as in overcoming fear and negativity. You make a great team when it comes to group and organizational activities which have serious purpose. This could involve administrative work related to public relations and communications, engineering, construction, machinery, mining, or metal industries, political work, military affairs, or police matters. This combination is less favorable when it comes to romantic attraction, but it can help you both exercise the necessary discipline and determination to get through any difficulties if you do form a romantic or marital relationship.

Saturn Trine Jupiter (Orb: 2.77°)

2° Taurus 10' 4° Virgo 56'

Ann's Saturn gk's Jupiter

Aspect Type: Easy

If you have other interactions that suggest emotional and personal unity and excitement, then you can see that there is an aspect of your relationship that is both entrepreneurial and practical, secure and dependable. gk provides the vision and you provide the framework, thus, allowing you both to create a relationship that has a beneficial impact on society as a whole. On a personal level, gk's optimism and enthusiasm prevents you from becoming overly gloomy and pessimistic, whereas you ensure that his ideas are rooted in practicality. You have the potential to form a strong bond if you incorporate Jupiterian growth and Saturnian order into your relationship. Doing so will help you stay connected both socially, culturally and religiously, as well as on a business level. However, without the addition of love and care, your relationship would be lacking the necessary yeast and heat to make it into a strong bond.

Uranus Trine Mercury (Orb: 4.11°)

8° Libra 47' 4° Aquarius 41'
Ann's Uranus gk's Mercury

Aspect Type: Easy

Whatever be it that may be going on between you two, this connection brings a heightened mental awareness to new ways of seeing and doing. This mental awareness is almost telepathic in nature, as if you can understand one another sans words. It has been said that if we all had this type of telepathy, our problems would be solved, as we would always know what someone really means. You have a measure of this mind-to-mind connection, which helps you to prevent misunderstandings and disagreements. This interaction could be called 'The Problem Solver', as it helps you see beyond the veils that can sometimes cloud your perception. You can even use this mental tool to help others too.

Uranus Trine Ascendant (Orb: 3.01°)

8° Libra 47' 11° Aquarius 47'
Ann's Uranus gk's Ascendant

Aspect Type: Easy

You both have an extremely friendly interaction that allows each of you the freedom and space to pursue whatever it is you want to achieve individually. This creates a dynamic where you are continually finding new and exciting things to do together. You are in a position to introduce gk to new ways of life and provide him with more freedom to express himself. This influence is met with great appreciation from him, and encourages you to continue exploring new concepts. In the long run, you could work together on projects to help other people explore and accept their unique traits.

involvement in secretive, occult, or mystical groups if other tendencies in the comparison and in the natal horoscopes confirm this. Collaboration in writing, teaching, or communication media with respect to mystical, psychic, or occult subjects are also in the cards. Both of you could develop a mutual interest in religion and mystical philosophy, or become traveling companions in pursuit of such goals.

As gk's imaginative capabilities, being a Uranus person, and your sympathetic, pensive and intuitive disposition combine in your relationship, there is great understanding, mutual respect and acknowledgment of each other. Additionally, you may be involved in humanitarian, religious, and Utopian causes. gk will likely be the more daring and experimental in his approach to worldly matters, while you tend to be more conservative and traditional in your approach.

Pluto Trine Sun (Orb: 3.32°)

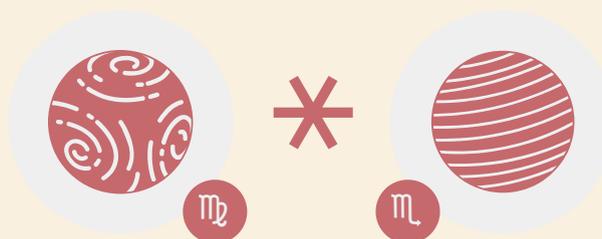

27° Virgo 19' 24° Capricorn 0'
Ann's Pluto **gk's Sun**

Aspect Type: Easy

The two of you have a powerful connection, in which gk benefits greatly from your insights and resources. You are given much needed confidence by his convincing appreciation or admiration of those very things. Together, you can be a game-changer, clearing away obstacles in your progress and well-being, either individually or as a couple - or even for the area of society in which the two of you operate. This is a mutually regenerative relationship and, with similar interactions, you can both benefit greatly and/or gain great wealth and power. Ultimately, you will both be better for having known one another, and this partnership will be longstanding and self-renewing.

Pluto Sextile Neptune (Orb: 1.31°)

27° Virgo 19' 26° Scorpio 0'
Ann's Pluto **gk's Neptune**

There can also be a

shared appreciation of beauty and aesthetics. You will inspire each other to explore the world around you and find ways to use your creative talents and intelligence to make positive changes. This could be a very inspiring and fulfilling relationship, as it encourages mutual understanding and growth, and you will have each other's back through the most challenging of times. This combination can also lead to a deep spiritual connection between you, where you are open to exploring the mysteries of life and the universe.

Ascendant Sextile Venus (Orb: 3.52°)

Aspect Type: Easy

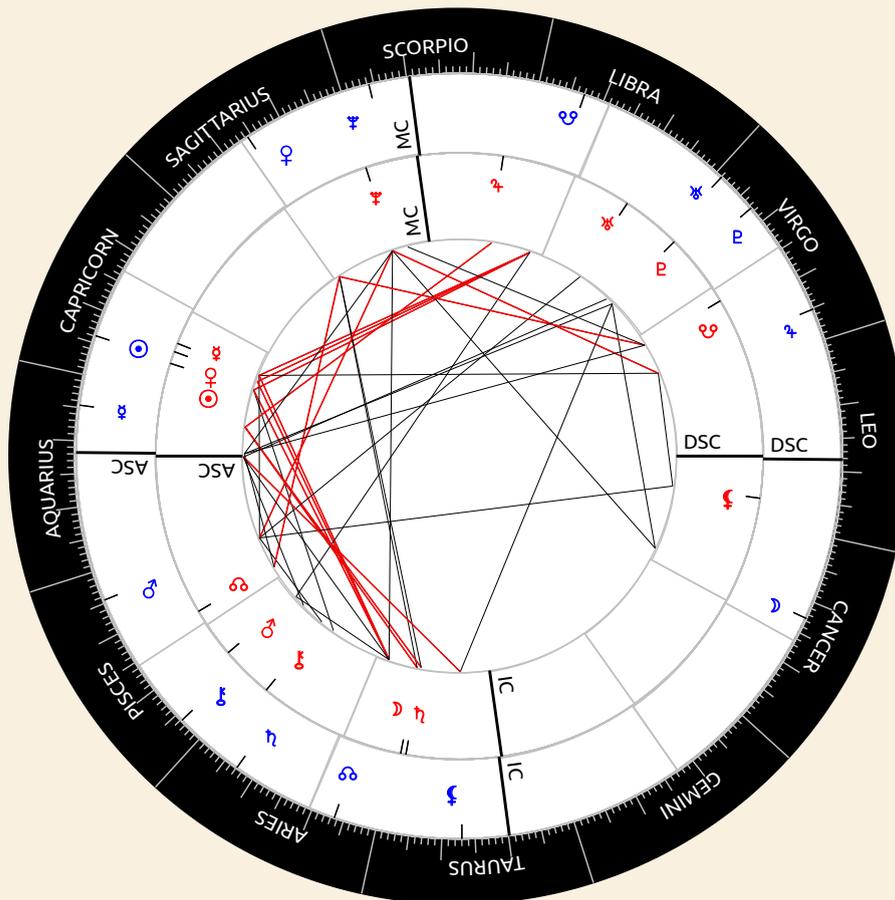

Both of you enjoy mutual harmony and friendship, as well as general emotional and social compatibility. This combination is favorable for marriages, romantic relationships and business partnerships. Conflicting Aspects

Conflicting aspects in the synastry chart manifest as strength-demanding or producing tensions between planetary placements. They produce challenging dynamics, characterized by demanding interactions and contrasting needs. These aspects can generate awareness but often require a careful approach and mutual understanding for resolution, highlighting areas of potential discord or misunderstandings that need addressing for harmony.

Ann

Outer Wheel
gk

House System: Placidus

Moon Square Mercury (Orb: 3.51°)

1° Taurus 10' 4° Aquarius 41'
Ann's Moon **gk's Mercury**

Aspect Type: Hard

You two often take interchangeable roles, but typically, you are more instinctive and driven by emotions while gk is more logical and work-oriented. This can lead to disagreements over small, everyday matters such as what food to eat, how to run domestic matters, personal cleanliness, and time management. He may feel frustrated by seemingly small habits like leaving the toothpaste cap off, while you may consider such order insignificant. This interaction is likely to affect your day-to-day affairs. Both of you have a great opportunity to learn from and about each other through the interaction of your Moon and Mercury. You may be seen as lazy and dominated by emotional issues, while gk is regarded as clinical and insensitive. To create harmony, he needs to become more laid-back with respect to these issues and you need to learn to organise your life in a more rational way. By meeting each other halfway, you can each benefit from the other's perspective; gk learning to be more emotionally aware and you learning to appreciate the advantages of having a method or intellectual overview.

Jupiter Square Mercury (Orb: 0.65°)

4° Scorpio 1' 4° Aquarius 41'
Ann's Jupiter **gk's Mercury**

Aspect Type: Hard (Exact aspect)

You both have divergent approaches to life - gk is more concerned with details, whereas you are more interested in the bigger picture. Your philosophical or religious views may frustrate or annoy his more practical, logical approach; likewise, you may be perplexed by his mundane concerns. However, if you can appreciate the different perspectives that you both bring to the conversation, it could result in something useful, and even inspiring. gk could benefit from your ability to help him gain a better understanding of how his thoughts and ideas can fit into a greater whole. Meanwhile, gk can assist you in practically, technically and verbally expressing your grand ideas. Any interactions that you two have involving the planets Moon, Venus or Neptune could indicate whether or not the two of you have the emotional harmony to come to this sort of mental agreement.

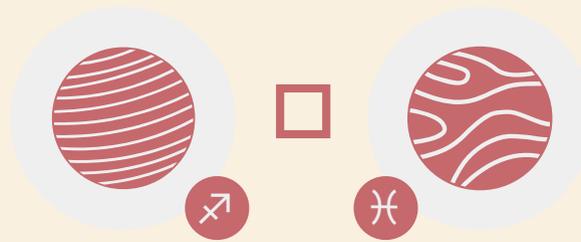

Saturn Square Mercury (Orb: 2.51°)

Aspect Type: Hard

In this relationship, both of you may find a communication block between you. It may seem like gk has to go through an examination under you in order to put forth his thoughts or ideas. This could create an inferior-superior dynamic, accompanied by resentment and disdain. However, if he can understand the need to make your ideas more practical and accept that you has a point, this could transform a potentially negative interaction into a positive and fruitful one. Alternatively, gk may need to use their feelings more and rely less on their intellect. You should be mindful not to make gk feel stupid or inferior with what he has to say. While you may seem dull and slow, unimaginative, and overly conservative to him, it is important to consider if you have a valid point. Take the time to understand each other and you can have a meaningful and interactive relationship rather than a cold and distant one.

Neptune Square Mars (Orb: 4.16°)

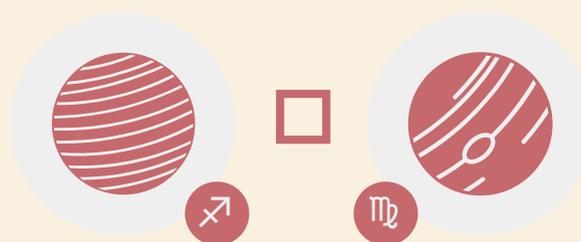

0° Sagittarius 16' 4° Pisces 26'
Ann's Neptune **gk's Mars**

Aspect Type: Hard, Compelling and Melancholic

You both initially feel a strange and wonderful connection, as though you are drawn to one another, yet something seems to prevent you from getting close. This interaction is tricky and deceptive. gk may tend to make the move, while you either submit or try to escape. If you do manage to get together, this pattern continues, leading to a frustrating and alienating situation. gk will insist on taking the direct approach, while you becomes harder to pin down, likely for reasons that go beyond gk's straightforwardness. gk's bluntness could be quite wounding to your sensitivity, even though your evasiveness may have been the initial attraction. You may find that in this interaction, your two energies are at odds. gk may overlook a peculiarity or your aversion in the context of a sexual relationship, while you may find the sex gross or boring in comparison to an ideal. This could start off as a highly sexual encounter and then suddenly become a confusing abstinence. Even literally, you both may be poor dancing partners due to this awkward out of step feeling. To make the most of this interaction, gk should learn to be more sensitive and aware of his ego and you should be more direct and manage your weak and sensitive spots better. Without this understanding, this could be a disastrous and even treacherous interaction.

Neptune Square Jupiter (Orb: 4.66°)

0° Sagittarius 16' 4° Virgo 56'
Ann's Neptune gk's Jupiter

Aspect Type: Hard

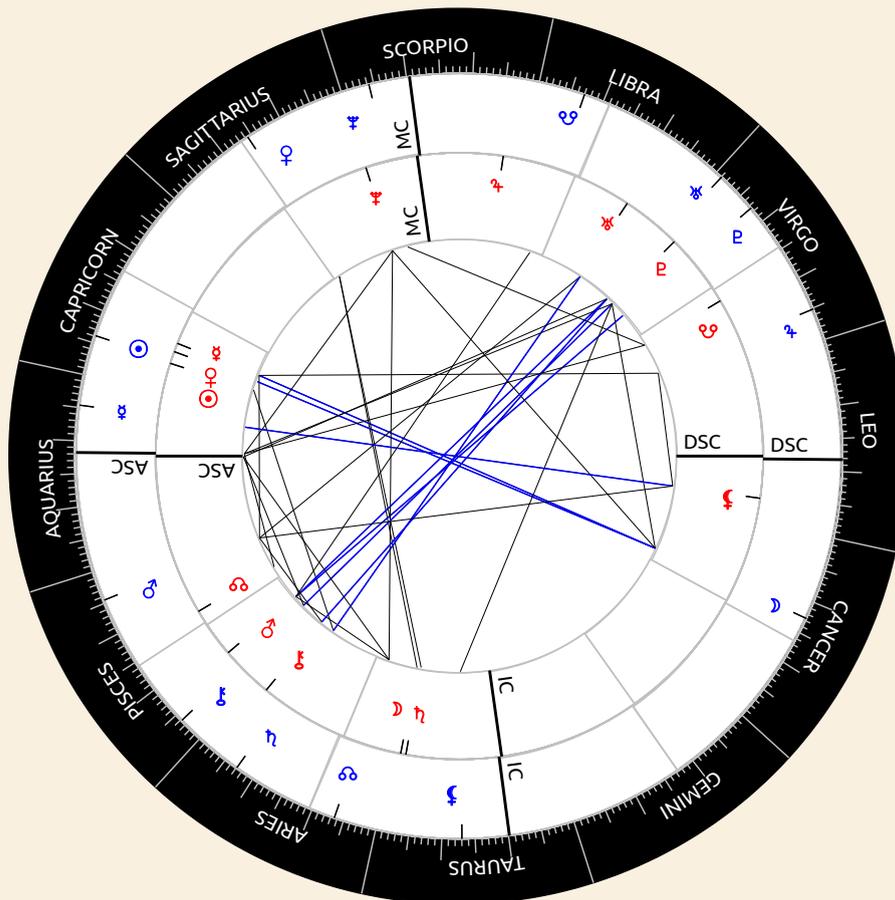

You and your partner have somewhat of a dreamy connection, where gk encourages you to drift off into fantasies, and you confuse his sense of identifying what is right and wrong. There is a somewhat hippie-like quality here that can be sweet and harmless, but it can also make it hard to get anything meaningful done. You both feel a spiritual connection, though it may be more of an idea than a reality. Without an outlet, this connection can cause you to resent each other or feel directionless. If you focus this connection on a shared activity such as meditation, performing or charity work, it could become a positive force in your relationship.

Contrasting Aspects

Contrasting aspects in a couple's synastry charts vary in their capacity to stimulate awareness or impose demands. Some configurations prompt introspection and growth, challenging the partners to confront obstacles together and cultivate resilience in their relationship. Others facilitate natural development and mutual self-awareness, fostering confidence and evolution in diverse aspects of their shared life.

Ann

Outer Wheel
gk

House System: Placidus

Mercury Opposition Moon (Orb: 3.31°)

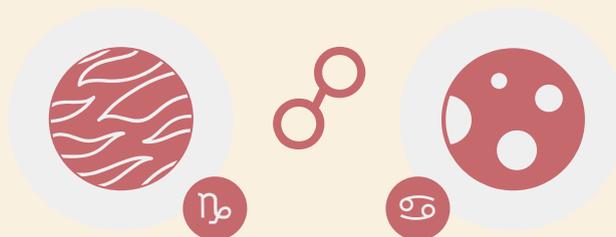

20° Capricorn 31' 17° Cancer 12'
Ann's Mercury gk's Moon

Aspect Type: Hard

You and your partner come from two very different places and this can often lead to misunderstanding. It is like trying to connect with one another in the dark. You tend to use a rational, intellectual approach while gk might be looking for empathy and emotion, and vice versa. As a result, you might find him vague or moody, while he might feel that you are uncaring or overly critical. Your expectations of each other are often set different, which can lead to misunderstandings at important times. If this happens too often, it can be detrimental to your relationship. However, if it only happens occasionally, it can be stimulating and entertaining. Remember, this interaction does not have to happen all the time.

Venus Opposition Moon (Orb: 4.98°)

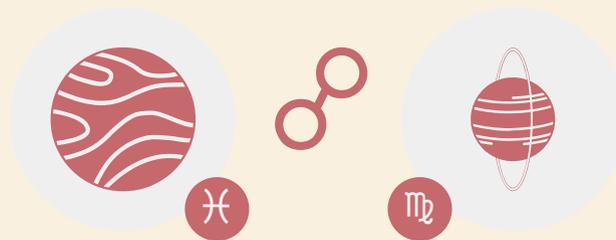

22° Capricorn 11' 17° Cancer 12'
Ann's Venus gk's Moon

Aspect Type: Hard and Easy

Your relationship is characterized by a soft and tender attraction to one another. However, this attraction might lead to confusion about who should take the initiative to move the relationship forward. If you both become more intimate, one of you may start to pull away. If

you are both emotionally aware, you can avoid this tension. Otherwise, it can be difficult and awkward to try to separate, which can lead to one of you feeling upset and unwanted. The two of you have conflicting needs, with gk being driven by security needs and you being driven by pleasure or social needs. You both become indulgent and hedonistic as a way of compensating for the disparity. At the end of the day, this interaction is likely to remain at the level of good friends; however, the friendship should be lively and sociable.

Mars Opposition Uranus (Orb: 6.42°)

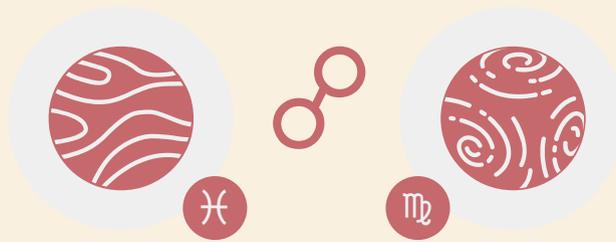

22° Pisces 44' 29° Virgo 9'

Ann's Mars **gk's Uranus**

Aspect Type: Hard

The two of you could have one of the most disharmonious interactions. Even if a request is made in a gentle or polite manner, it can be enough to provoke one of you to react. The energies of the planets Mars and Uranus have similarities since they both involve independence. Your version of this is often connected to your ego, and when gk's air of independence (which is really a detached viewpoint) is seen as a threat, it can make you angry. In turn, gk may respond to this with an even more distant emotion or opinion, which can lead to a fiery argument. At its worst, this conflict can even become physical. You both have a tendency to push each other's boundaries, which could be volatile in a live-in relationship. One of you may find themselves in a submissive role, but this interaction is ultimately about discovering and expressing your individual rights. This can be sexually stimulating, but it is more about asserting your freedom of thought and action. Successful navigation of this interaction will require self-control and the realization that you are both able to think and act independently. Until then, you will likely continue to challenge each other until one or both of you are confident in your autonomy.

Mars Opposition Pluto (Orb: 0.01°)

22° Pisces 44' 22° Virgo 45'
Ann's Mars gk's Pluto

Aspect Type: Hard, Compelling and Melancholic (Exact aspect)

You both may feel a powerful connection between you two, but be aware if it consumes you; it could be more than you can handle. This connection is likely to be expressed sexually, and if you do embark upon an intimate relationship, you may find yourself in a situation of desire and control. This could create a battle, where sex and money are the stakes. This interaction could bring out deeper and more difficult psychological issues in both of you. It could also stifle softer and more tender feelings, making it difficult to express them. In essence, this interaction could be considered a form of 'basic training' in your own understanding of sexuality and sense of self-preservation. Unless you have a strong and loving connection to use the power of the planets Mars and Pluto in a constructive way, such as in healing, this interaction may not be suitable or even safe for an ordinary relationship.

Uranus Opposition Saturn (Orb: 1.95°)

8° Libra 47' 6° Aries 50'
Ann's Uranus gk's Saturn

Aspect Type: Hard and Easy

You both may find this relationship hard because of tensions and frustration between the two of you. gk's past involvements, and the sense of duty he still feel towards them, can put

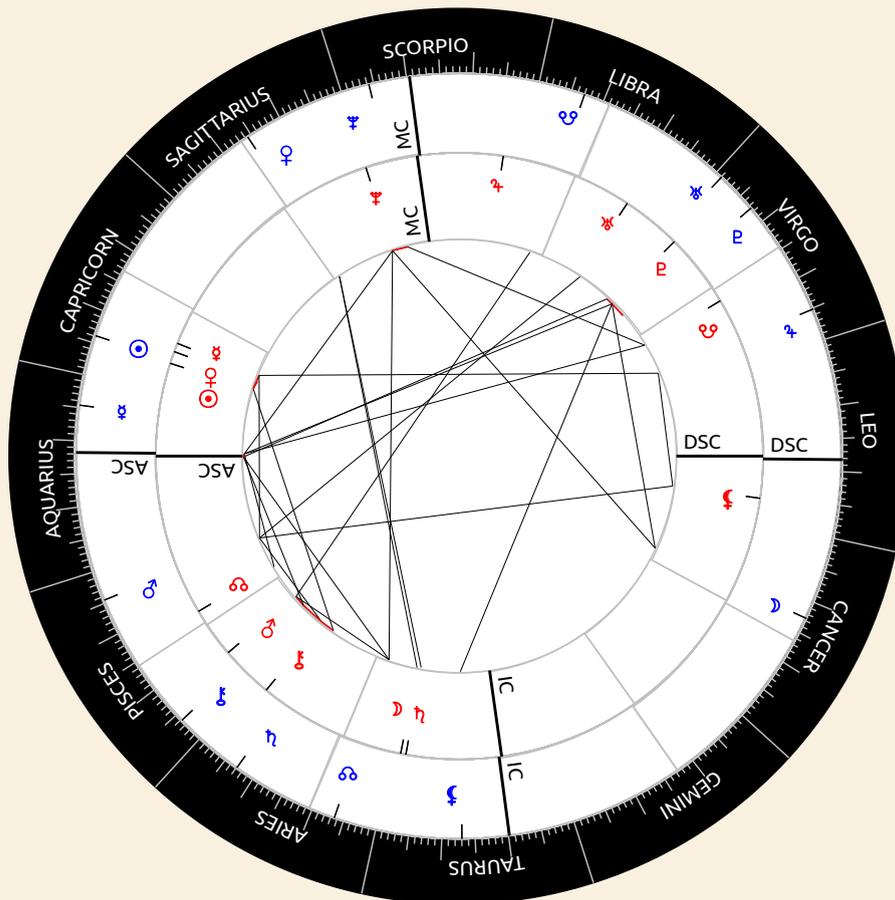

a strain on the relationship and prevent his well-being. Your allure of the wild blue yonder may be tempting to him, but it is unstable and can lead to an impasse if he refuses to change yet is tempted to. You may show erratic and unpredictable behaviour which may appear to be quite restrictive or controlling. This relationship may appear impossible and insane to both of you, but you are just a catalyst, pushing gk out of their rut. Once this mission is accomplished, each of you will be able to take something different away from the interaction. He will have learnt the value of appreciating your ideas and you will have gained a clearer understanding of your unique qualities and how you can impact others. Long-term, you can help gk recognize his true place in the world while he can help you do the same. This connection is best expressed and experienced in a friendship.

Sun Conjunction Sun (Orb: 0.53°)

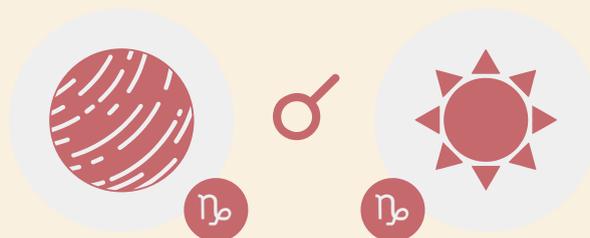

24° Capricorn 31' 24° Capricorn 0'
Ann's Sun gk's Sun

Aspect Type: Hard and Easy (Exact aspect)

Your birthdays are close together, and your Sun Sign is Capricorn. This could mean that the same positive and negative aspects of your Sun Sign are intensified when you are together. The Earth Sign, Capricorn, tend to be more territory conscious, which could lead to problems. However, their stability generally allows for a lot of progress to be made. Overall, this Interaction is positive, but it is important to remember that a common goal or direction, with some rules for how to get there, should be the focus.

Mercury Conjunction Sun (Orb: 3.48°)

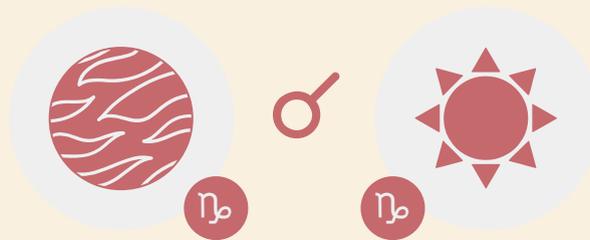

20° Capricorn 31' 24° Capricorn 0'
Ann's Mercury gk's Sun

Aspect Type: Hard and Easy

You are reminded of the importance of communication, without any indication of whether it is good or bad. If you have a strong mental rapport as a pair, this interaction will give it more strength and energy. However, if you have a poor intellectual link or ongoing emotional conflict, this will make it even more difficult as effective communication is desperately needed. gk will have an impact on your mental condition, either in a positive or a negative way. He may encourage and strengthen your mental capacity, or belittle any perceived

weaknesses. Work issues may be highlighted in a similar manner. You may be able to stand up for themselves and engage in intellectual debates, if they are intellectually strong. It is important to have mutual respect and understanding when it comes to educational and mental work backgrounds that may be better or worse than average, in order to promote positive interactions.

Venus Conjunction Sun (Orb: 1.8°)

22° Capricorn 11' 24° Capricorn 0'
Ann's Venus gk's Sun

Aspect Type: Easy, Compelling and Steadfast

You can observe the signs of a loving relationship between you and your counterpart. You are pleased with gk's expression of his personality, and responds with admiration and attraction. gk is warmed and filled with love from you in return. As long as the relationship does not become superficial and romantic, while neglecting to address deeper emotions, the two of you can cultivate a loving and creative connection.

Neptune Conjunction Neptune (Orb: 4.27°)

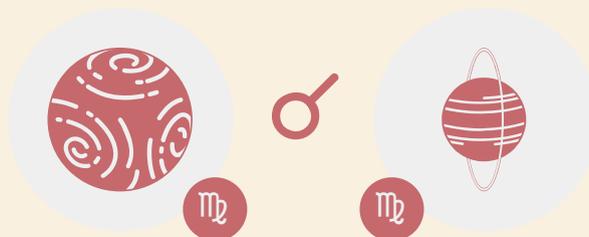

0° Sagittarius 16' 26° Scorpio 0'
Ann's Neptune **gk's Neptune**

Aspect Type: Hard and Easy

You and your counterpart have been exposed to many of the same cultural, spiritual and musical influences through generations. Whether you connect on a personal level because of these similarities depends largely on any planetary interactions between your and your counterparts' Neptune.

Pluto Conjunction Uranus (Orb: 1.84°)

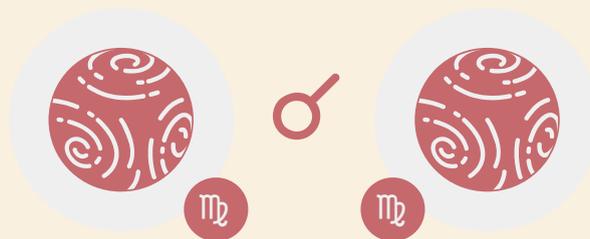

27° Virgo 19' 29° Virgo 9'
Ann's Pluto **gk's Uranus**

Aspect Type: Hard and Easy

For the better or worse, very powerful and often unconscious dimensions of your lives and personalities come to meet or into collision - with each other. An enormous amount depends on how much of a handle the two of you have upon your radical or rebellious natures - does it just want excitement and shock, or is it more into creative and constructive changes? Similarly, is your sense of power and insight expressed as compulsion or deep conviction? Because of these conditions, your effect upon one another can be anything from a positive transformation to an absolute disaster (which would eventually amount to a transformation of some sort anyway). If the two of you are sexually involved, gk is likely to tune into your

deepest desires and phobias concerning your sexuality, whereas you zero in on his sexual quirks. The two of you have a good amount of harmony, which can make your relationship extraordinarily satisfying and healing. However, the two Planets in this interaction indicate areas where and how you two can go beyond sexual 'acceptability'. Therefore, it is important that you both become more aware of how you click sexually. Change and transformation is the dynamic of this interaction, so it may be difficult for one or both of you to reach a point of sexual reckoning. It is important to maintain awareness of this powerful process and to learn from it rather than judge one another. Additionally, this interaction could lead to further involvement in the occult or esoteric, allowing for greater awareness of the forces of the unconscious.

Pluto Conjunction Pluto (Orb: 4.57°)

27° Virgo 19' 22° Virgo 45'
Ann's Pluto gk's Pluto

Aspect Type: Hard and Easy

You and your generational contact are likely to have been largely impacted by the same psychological, political and global events throughout your lives. Whether these similarities have had an effect on your relationship largely depends on the other planetary interactions between your two charts.

Ascendant Conjunction Ascendant (Orb: 0.54°)

12° Aquarius 20' 11° Aquarius 47'
Ann's Ascendant **gk's Ascendant**

Aspect Type: Hard, Easy, Compelling and Epochal (Exact aspect)

There is great desirability and attraction in your relationship when your relationship becomes home for this Interaction. However, the intensity of the attraction and feelings you develop with each other and your compatibility greatly depends on your zodiac Sign. While certain Signs are destined to be with each other, the others may pile up weaknesses and fail. Some Signs may just be the right missing pieces that fit perfectly, while some may cause friction if brought together. Some Signs get along easily with every other Sign, while it may take time, effort and care to build the slightest amicability with the other. This Interaction will get you going strongly, yet the promise of a lasting relationship, or the course of your bond will depend on other Interactions that form in your charts.
